3.Schedule of Services

Stage 1: SITE SURVEY & EVALUATION

- a. Examine physical site constraints and potential; and prepare a design brief.
- b. Study of existing land use in and around the project area.
- c. Study of contextual issues, socio-cultural aspects, landscape features and built formats.
- d. Study of existing infrastructure, accessibility, circulation pattern and parking.
- e. Prepare report on site evaluation, state of existing buildings, and analysis with basic approach to circulation, activity distribution, interconnectivity and external linkages including rough estimate of project cost.
- f. Assessment of impact of re-development/renewal plan on the project area and its immediate environs.
- g. Furnish report on measures required to be taken to mitigate the adverse impact, of the existing and / or proposed development/ re-development on its immediate environs.
- h. Legal framework of the proposal keeping in view the free hold nature of the property.

Deliverables:

- ✓ Report of existing site evaluation, measures to be taken for proposed development.

Stage 2: CONCEPT DESIGN

- a. Preparation of concept design of the area showing circulation pattern, zoning of various land uses and relevant details, re-development/ renewal strategy.
- b. Assessment of utility services and their inter connectivity.

- c. Furnish revised rough estimate of project cost as per concept design/ re-development objectives.
- d. Preparation of three-dimensional form in relation to open spaces, model 3D views showing the proposal and surrounding areas.
- e. Submission of model and Conceptual design to Balasore Regional Improvement Trust, Balasore for approvals and ensure compliance with codes, standards and legislation, as applicable and carry out necessary changes as may be required.

Deliverables:

- ✓ Presenting the Conceptual Design to BRIT and obtaining the concurrence of BRIT official (inclusive of 3-D rendered images)
- ✓ Receive Final signoff on the Concept from the BRIT.
- ✓ Preparation of Estimates as per concept design.
- ✓ Submission of conceptual designs & cost estimates to BRIT

— Attend and participate in any design conferences, workshops and design review meetings, as suggested by the BRIT and prepare and submit minutes of such meetings on the same day.

Stage 3: DETAILED DESIGN

- a. Preparation of drawings showing the common facilities for circulation, parking, open spaces and external Architectural form.
- b. Preparation of drawings showing Architectural controls/ guidelines, features and specifications.
- c. Preparation of component drawings for heritage structures like museum, souvenir store, entrance plaza etc.
- d. Preparation of drawings showing landscape, street furniture, graphic signage and lighting.

Deliverables:

- ✓ Prepare detail designs of various external elements and components.
- ✓ Presentation of the urban design study to the statutory authorities for approval and ensures compliance with codes, standards and legislation, as applicable and carry out necessary changes as may be required.
- ✓ AUTOCAD drawings (Hard and Soft Copy) of complete proposal for use by administration.

- ✓ Furnish urban design report including implementation strategy.
- ✓ Tender Drawings, Specifications, BOQ's, Rate Analysis and any other technical information required in the draft tender documentation (For clarity the Pre- Tender stage requirements would necessarily be based on completion of all requirements in the Tendering stage. No area variation would be permitted beyond this stage including a variation of not more than 5% in other tender items like BOQ's, specifications & rate analysis etc.
- ✓ Furnish modified project cost.

Stage 4: IMPLEMENTATION

- a. Provide Comprehensive Architectural Services regarding Site Development works.
- b. Provide Landscape Architectural Services to public spaces.
- c. Review and certification of detailed Architectural design of each of the constituent components for construction or development within the area under urban design / urban renewal before approval by statutory authorities.
- d. Preparation of working drawings for landscape civil works and horticultural works, including setting out, incorporating special requirements for landscape over basement such as screed plan etc.
- e. Coordination with BRIT, architects and other Consultants working on the project.
- f. Periodic site visits to ensure execution of work as per drawings and instructions.

Deliverables

- ✓ Full GFC drawing set to be delivered as per the time schedule agreed with the selected Consultant (3-Copies).
- ✓ All discrepancies during execution and not as per the original design intent to be brought to the notice of BRIT in writing.
- ✓ A site visit report after every scheduled site visit.
- ✓ Obtain stage-wise completion certificate from BRIT after successful delivery of the last GFC after due acknowledgement from the contractor.
- ✓ Issue Methodology for maintenance of executed works and prepared tender documents for maintenance work.

Special Conditions:

- All drawings to be delivered in hard (3-Sets) and soft copies (CAD & PDF)
- All renderings to be submitted in Hard and Soft (Jpg & PSD)
- All final stage wise presentation/meetings/workshops to be attended by the project director who would issue a certificate at the end of each stage stating that the original design intent is being

maintained.

- All variations/additions/alterations etc. beyond the current scope and listed deliverables should be incorporated after written communication from the BRIT.
- Any detailed model & walkthroughs if required during the assignment would be paid on mutually agreed terms however the Architectural firm shall need to coordinate and provide all necessary inputs and details as may be required.
- Coordinating with all sub-consultants and specialist (in those areas) would be the prime responsibility of the Consultant. Any points of conflicts or disagreements in such coordination should be communicated to the BRIT in writing to ensure an early resolution.
- Any other requirement beyond the current scope of work that may arise during this assignment needs to be communicated in writing to the BRIT well in advance to preserve the agreed timelines of the project.
- Consultant is expected to maintain a timeline / schedule of the project deliverables pertaining to the current scope in any compatible scheduling / Project management software. Any ensuing delays / deviations in the agreed timelines would be brought to the notice of the BRIT in writing.
